Eda Marchetti

Sina Entekhabi

Duc Ngo Chanh

Access Control Development Life Cycle

How to Compose the Puzzle

Improved Architecture

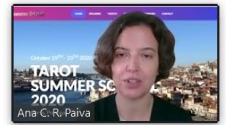

Future work

- Improving telegram prototype
- Using GDPR-Based ILS for improving user experience with Covid-19 safety restrictions

I want to thank all speakers

General Chair
Ana Paiva
Faculty of Engineering of the University of Porto, Portugal

Ana Cavalli
Telecom & Management SudParis, France

Anna Rita Fasolino
Università Degli Studi DI Napoli Federico II, Italy

Bernhard Aichernig
Graz University of Technology, Austria

Eda Marchetti
CNR (the Italian National Research Council), in Pisa, Italy

Fatiha Zaïdi
Paris Sud University, France

Francisco Palomo-Lozano
University of Cádiz, Spain

Manuel Núñez
Complutense University of Madrid, Spain

José Creissac Campos
Universidade do Minho, Portugal

Paolo Arcaini
National Institute of Informatics, Japan

Pascoal Faria
Faculty of Engineering of the University of Porto, Portugal

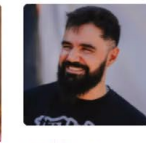

Rob Hierons
University of Sheffield, UK

Rui Abreu
IST, University of Lisbon, Portugal

Tanja E.J. Vos
Universidad Politécnica de Valencia, Spain

Pablo C. Cañizares
Complutense University of Madrid, Spain
